

## Message from your teacher

We had a great start to the year! This is such a sweet and energetic group!

We are going to have fun this year! Next week we will begin switching for reading and religion. These groups are fluid and change as needs arise. Wish us luck!

It is hot out so please remember to bring water bottles every day! I hope to see all of you on Wednesday to learn more about kindergarten!

## WHAT WE LEARNED

- We start slow in kindergarten. Lots of play. Lots of learning our routines and expectations. Kindergarteners learn best through play and repetition and there will be lots! We will ease into more academic work as they get more comfortable and their stamina for a full day of learning increases.

## Reminders

Aug. 26 - Meet the formator night  
September 7 - No School.  
Labor Day  
September 8-9 - Guest Teacher. My husband is having knee surgery. Mrs. Pollock will be our sub.
