

Message from your teacher

We survived our first full week and I'm pretty sure all of us are exhausted! They did such an awesome job and love school so much!

Please label (at least a last name) everything - water bottles, shoes, jackets, sweaters, lunch boxes etc. If there is a name on it, your child will get it back. If there is no name, there is a good chance it will find its way to lost and found and never be found again :)

WHAT WE LEARNED

- Reading - We got used to switching classes this week. My reading groups are flexible and will change as needs arise. Our story this week was Chrysanthemum. We talked about our names, the characters and setting and sequenced the beginning, middle, and end.
- Math - We practiced writing our numbers up to 4. We also practiced sorting by size, shape, and color.
- Writing - We are learning how to control our hands and arms to help us scribble - big movements and color neatly - small movements.
- Religion - We learned about the trinity. Worked on the sign of the cross.

Reminders

September 7 - No School.
Labor Day
September 8-9 - Guest
Teacher. My husband is
having knee surgery. Mrs.
Pollock will be our sub.
