

Message from your teacher

I have been getting to know you children over the past few days and they are wonderful! And they are full of energy. I will be thinking of ways to incorporate more intentional movement into our day so we can wiggle, have fun, and still learn! Mrs. Pollock will be in our room on Tues and Wednesday while I am out with my husband for his knee surgery. Say prayers for all of us!! Please don't forget to sign up for a week to bring flowers for Jesus!!

WHAT WE LEARNED

- Reading - This week we learned how to write, isolate, and recognize the letters /c/ and /o/. We also read David Goes to School and talked about home rules vs. school rules.
- Math - We practiced writing our numbers up to 5 and practiced how to match sets.
- Writing - We are starting with large motor activities and crossing the midline to prime our minds and bodies for writing.
- Religion - We learned about the creation story and St. Francis of Assisi and St. Michael the Archangel. We had our first adoration time today!
- Science we learned all about colors and color mixing.
